or text 412-298-9986

**Top youth Recurve Archer will receive the *Marianne Nuzzo Achieve your Dream* trophy**

### **Marianne Nuzzo and Falcon JOAD**

Marianne and I started Falcon JOAD in 1995. [Falcons] asked Marianne and she said "Let's get it going!!" Her passion for this was obvious and grew with each year, all 23 years, her JOAD coaching ended in 2017, her passion never really did. From the first year with six archers to at one point forty archers and two different JOAD coaching times in a day, Marianne never stopped having the desire to coach the kids.

Falcon JOAD grew every year. Marianne put together classes every Saturday for these young kids, she loved it! She put hours into whatever she taught them, she would read books, tech letters etc. putting together material to present every Saturday. When tournament season started, her gentle teaching and coaching never stopped. When we were at the club shooting and JOAD kids were there...she would be shooting and giving coaching lessons at the same time. Her knowledge and understanding of archery grew and she would share whatever she learned with any one of the kids that wanted to learn. She grew the JOAD kids as she grew in archery!

-- Tony Nuzzo
